Dear Professor Rafid,

Good Morning Mam. I hope you are doing well. I couldn't attend yesterday's lecture because I was unwell. I am writing to request the lecture notes or presentation slides so that I can catch up on the topics covered in class when I was absent.

Could you also let me know whether you discussed any important announcements, assignments, or changes to upcoming deadlines during the lecture? I would like to make sure that I do not miss any important work.

I would be grateful if you could share the materials when convenient. I will review them and complete any missed work as soon as possible.

Thank you for your time and support. I look forward to your response.

Sincerely,

Risith

To: Rishith Bhimaneni <rishithbhimaneni@gmail.com>

Dear Team Leader,

I hope you are doing well. I am writing to provide an update on the progress of our group project.

Our team has made good progress so far. We have completed the initial research and divided the project into different sections among the team members. The introduction and background sections have been completed, and we are currently working on the main context.

One challenge we have faced is coordinating the schedules of all team members for group discussions. However, we are staying in regular contact through our group chat, and we are working together to complete the remaining tasks.

The remaining work includes completing the final sections, combining everyone's contributions, proofreading the project, and preparing the presentation. We expect to complete the project by the end of this week and will keep the team updated if there are any changes.

Please let me know if you have any suggestions or if any additional information or changes are required.

Thank you for your support and guidance.

Best regards,

Rishith

Dear Professor Rafid,

I hope you are well, Sir. I am writing to request a change to the meeting scheduled for next week. Unfortunately, I have an important academic commitment at the same time, so I will not be able to attend the meeting as planned.

Would it be possible to reschedule the meeting to one of the following time slots, Sir?

- Monday: 1:00 PM – 2:00 PM
- Tuesday: 9:00 AM – 10:00 AM
- Wednesday: 11:00 AM – 12:00 PM

Please let me know which of these times would be convenient for you. If none of them works, I would be happy to adjust my schedule according to your availability.

Thank you for understanding the problem, Sir. I look forward to meeting with you and discussing the project.

Kind regards,

Rishith
